

Presenter: Steve Kite, PE
Work Zone Traffic Control Project Engineer

Topic: Work Zone Speed Limits

Contact Information:

Phone: (919) 250-4159
Email: skite@dot.state.nc.us

Biography:

Steve is a graduate of North Carolina State University with a degree in Civil Engineering and is a licensed professional engineer. He has been employed with the Work Zone Traffic Control Unit since November 1992.

Currently Steve is one of the Department's 4 Work Zone Traffic Control Project Engineers. In this capacity, he provides technical leadership, engineering expertise and supervises the design of work zone traffic control plans in support of the Department's Transportation Improvement Program (TIP). He is a member of the TRB Work Zone Committee, an ATSSA ITS council member and regularly participates in the FHWA sponsored, "Making Work Zones Work Better" program which promotes technology applications in work zones.
